Containing a Flammable Gas Containing a Corrosive Substance	Flammable Liquids	Containing a Toxic Substance
Other Regulated Material Termed Combustible, Corrosive, or Flammable (ORM-D Designated)		

Note: Only those scuba diving tanks containing not more than 25 pounds per square inch at 70 degrees Fahrenheit may be shipped as personal property. Servicing for shipment will include: (1) written certification of purging serviced by dive shop or licensed individual qualified to perform purging. A tag or label must be affixed to the tank certifying service was performed; and (2) completely empty tank, remove the valve and replace valve with a plug designed for this purpose.
