All POV and GOV training and licensing courses are held on Camp Foster at the Installation Safety Office, Bldg 5831 unless specifically stated otherwise per our quarterly training schedule. Questions or concerns, can be addressed by calling 645-3183.

All Motorcycle training and licensing courses are held on Kadena Air Base at Bldg. 908 unless stated otherwise per the quarterly training schedule. Questions or concerns, can be addressed by calling 634-2450.

Quarterly training schedule is posted at the following locations:

- Marine Corps Base Butler internet site at: [https://www.mcbbutler.marines.mil/Base-Information/Base-Safety/](https://www.mcbbutler.marines.mil/Base-Information/Base-Safety/)
- Marine Corps Installations Pacific SharePoint at: [https://sharepoint.mcipac.usmc.mil/iso/Training/SitePages/Home.aspx](https://sharepoint.mcipac.usmc.mil/iso/Training/SitePages/Home.aspx)
TRAFFIC SAFETY COURSE DESCRIPTIONS

E-3 AND BELOW POV COURSE: This training is a first come first serve course scheduled every Friday with the exception of federal holidays and Fridays that fall on a scheduled 96 hour liberty. The POV course includes a Status of Forces Agreement (SoFA) driving class and instruction on cultural driving differences between Japan and the United States. This course is required for all E-3 and below active duty members attached to Marine Corps units regardless of age, to provide a basic understanding of local driving conditions.

NOTE: This course is a prerequisite to qualify for a USFJ-4EJ operator's permit (SoFA License) and priority seating will go to those member that present a signed SoFA licensing application. Students must be in the appropriate uniform of the day (UOD) in order to attend this course.

Location: BLDG 494 Camp Foster Room 120A

REMEDIAL DRIVER TRAINING COURSE: Remedial drivers training is conducted to re-inforce positive attitudes behind the wheel for vehicle operators who have been convicted of serious traffic violations, been found at fault in a traffic accident while driving a government or privately owned vehicle, or otherwise demonstrated by their driving habits/attitudes, warrant additional attention.

All personnel directed to attend this course are required to be present for training no later than 0730.

Active duty members must be in the appropriate uniform of the day (UOD) to attend this course.

Priority seating for this course goes to personnel appointed by MCB Butler Traffic Court, or their Battalion/Squadron level Commanding Officer in writing. Space available seating for this course will be handled on a first come first serve basis.

MOTORCYCLE SAFETY COURSE: Personnel who elect to ride a motorcycle accept a higher level of risk as mishaps result in severe personal injury and operation of motorcycles entail specific training and licensing requirements. Prior to any rider receiving a motorcycle license, they must complete rider training and/or testing. Upon successful completion, the motorcycle license will be issued. Prospective riders must be at least 16 years of age and possess a valid SoFA License. The following courses are offered and taught at the Installation Safety Office Motorcycle Training Section on Kadena AB
TRAFFIC SAFETY COURSE DESCRIPTIONS

(Bldg 908). Scheduling for training is conducted through ESAMS at https://esams.cnic.navy.mil/esams_gen_2/loginesams.aspx. After accessing the web site with your CAC card, click on MY LINKS/Classroom Training Schedule. You will then be able to see all available classes. If you do not have a CAC card, you can click on Global Training, Select Traffic Safety Training and select and enroll in your desired course.

If nominations are not received with the minimal of three attendees, class will be canceled.

**LEVEL I - BASIC RIDER COURSE (BRC):**
The BRC is a two-day introduction to the fundamentals of safe and responsible motorcycle riding. This course is intended for new riders who are not currently licensed (SoFA or have a motorcycle endorsement on their stateside driver’s license). During the course, Rider Coaches will facilitate student development by using interactive classroom activities and on-hands practical application to acquire basic motorcycle maneuvering skills. Students must successfully complete the online BRC eCourse, level two classroom, level 1 & 2 BRC riding exercises and achieve a passing score on a riding skills evaluation to successfully pass this course.

**Active duty** must complete follow-on courses i.e., Advanced Rider Course (ARC) and/or the Military Sport Bike Course (MSRC), within 120 days following completion of the BRC course. Upon graduation, those active duty members that will ride on Okinawa, will be issued a motorcycle license for 120 days which can be renewed once follow-on training is successfully completed.

**LEVEL II - MILITARY SPORT BIKE RIDER COURSE (MSRC):** Prerequisite- Riders must have successfully completed the BRC. The MSRC is a one-day enhancement rider course consisting of eleven classroom sections and ten range riding exercises. Students must successfully complete the course by participating in all classroom lessons and range activities. There is no riding skills evaluation during this course. This is a mandatory follow-on course for active duty Marines and Sailors who ride Sport Bikes.
LEVEL II - ADVANCED RIDER COURSE (ARC):
Prerequisite- Riders must have successfully completed the BRC. The MSRC is a one-day enhancement rider course consisting of eleven classroom sections and ten range riding exercises. Students must successfully complete the course by participating in all classroom lessons and range activities. There is no riding skills evaluation. This is a mandatory follow-on course for uniformed Marines and Sailors who ride any style of motorcycle.

LEVEL III RIDER TRAINING:
1. Level III Rider Training is a course designed for experienced motorcycle riders that completed Level I and Level II training. Special emphasis is to properly negotiate curves with proper control during realistic road speeds.

2. Level III has approximately five hours of total training time for a session. Total number of participants is broken down into three groups that will be rotating on the road course. Each group will work on specific riding drills assigned prior to each rotation.

3. Level III is for any style of motorcycle and fulfills the follow-on training requirement for the three years refresher rider training.

Each prospective student must report to any of the above listed motorcycle courses with the following equipment:

a. A motorcycle (MUST meet all safety requirements and pass a pre-course inspection)

NOTE: 250cc trainer bikes are available for active duty use only for the BRC Course. Contact the Installation Safety Office Motorcycle Training Section on Kadena at 634-2450 for further information/availability.

   b. An approved helmet that meets DOT/SNELL/ECE standards.

   c. Full fingered gloves.

NOTE: Helmets are available for all courses if helmet in stock fit the rider. Contact the Installation Safety Office Motorcycle Training Section at 634-2450 for further information.

   d. Boots or over the ankle hard-soled shoes. (NO TENNIS SHOES)

   e. Long trousers and long sleeve shirt or jacket.

   f. Eye protection: Face shield, riding sunglasses or goggles.
TRAFFIC SAFETY COURSE DESCRIPTIONS

g. Riders that have completed a rider course at a different location within 120 days for Level 1 and within the last three years for Level 2 may meet the initial MCB Butler requirements. An on-bike skills test is required prior to license issue. Questions can be directed to the Motorcycle Section by contacting Mr. Yamashiro or Mr. Arakaki at 634-2450.

UTV/LUV ROHVA BASIC DRIVER COURSE: The UTV/LUV ROHVA Basic Driver Course consists of the ROHVA E-COURSE, and driving exercises on a closed range. The focus of this course is driver skills and behavior related to sensible, responsible and safe use of a UTV or LUV. Students acquire general safety information as well as learning basic techniques for driving a UTV/LUV off-highway vehicle responsibly. Lessons include starting and stopping, normal turns, swerving, and quick stops.

Students participate in both discussion and driving lessons. In addition, the Driver Coach evaluates driver performance during each lesson and provides a written copy of this evaluation to each student at the end of training.

Required Personal Protective Equipment (PPE) for training: Full-face or three-quarter DOT compliant helmet with eye protection (face shield/goggles), sturdy over-the-ankle footwear, full-fingered gloves, long sleeves and pants. The use of PPE designed for off-road use is encouraged.

UTV/LUV ROHVA OPEN TRAIL EXPERIENCE: Open Trail Experience (OTE) Consisting of seven type of terrain exercises.

Driving on rocky terrain, sandy terrain, near trees, through water, muddy terrain, on hills, and side hilling.

NOTE: Participants must bring their unit’s UTV and LUVs to participate in these courses. Unit specific training can be requested but the unit must coordinate training location. The UTV/LUV ROHVA Basic Driver Course, requires a 220 ft by 220 ft unimproved grass or dirt area. The UTV/LUV ROHVA Open Trail Experience, requires coordination with range control. The Motorcycle Section will provide range details upon request.

NOTE: Nominations for this course MUST be submitted NLT three working days prior to the course start date. If nominations are not received with a minimal of two attendees, the class will be canceled.
TWO-DAY COMMERCIAL DRIVERS COURSE (GOV):
The purpose of this course is to train and license drivers to be Incidental Commercial Vehicle Operators (the Installation Safety Office only licenses MCB, Naval Hospital, and MCAS Futenma H&HS Marines and Sailors). Commanders must ensure all applicants are screened and meet all prerequisites prior to course assignment.

SNCO's and Officers are exempt from the classroom instruction. The SNCO and Officer 1.5 ton Commercial Drivers course is available on the MCB SharePoint. Please visit https://training.mcipac.usmc.mil/, go to “Courses” then “Safety”. The course title will be SNCO and Officer 1.5 ton Commercial Vehicle Course. SNCOs and Officers must also meet the below requirements of subparagraphs and present the certificate of completion from the online training course to be licensed. Additionally, officers are required to have a letter from their Commanding Officer at the O-5/O-6 level in order to be issued a government vehicle operator’s permit.

Personnel nominated (regardless of rank or status) must attend the course in its entirety. Appointments (personal/medical) must not conflict with scheduled training.

If the applicant does not already hold a SoFA stamp on an OF-346 or a POV SoFA license, then a test will be administered during the first portion of training. The Okinawa Drivers Handbook and Drive Safe on Okinawa Video can be viewed at the following link: https://www.mcipac.marines.mil/Staff-and-Sections/Special-Staff/MCIPAC-Safety/Safety-Office/Okinawa-Driving/

All registered students are required to report to the Installation Safety Office, Camp Foster (Bldg. 5831) by 0730 on the day of the class. Students must be in the appropriate uniform of the day (UOD) and must possess the following documents:

a. One copy of the “Application for Government Vehicle Operator's Permit (NAVMC 10964 REV 07-15)” signed by the commanding officer, designated official or appropriate civilian supervisor.

b. Physical Fitness Inquiry for Motor Vehicle Operators (OF-345) form. Applicants who require medical evaluation due to checking yes on the form, must be cleared by a physician.

c. Valid DOD Identification Card

d. Copy of valid State, U.S. Territory, or SoFA license (USFJ-4EJ) front and back.

e. Provost Marshals Office (PMO) Background check completed within the past 30 days.
f. Active Duty personnel under 26 years of age must provide written proof that he/she has successfully completed a certified defensive driving course as defined by the MCO 5100.19F (e.g. Driving for Life, Drivers Awareness or equivalent Driver’s Improvement Course (DIC)).

NOTE: Nominations for this course MUST be submitted NLT three working days prior to the course start date. If nominations are not received with a minimal of five attendees, the class will be canceled.

COMMERCIAL THREE TON/36 PAX BUS OPERATORS COURSE: The purpose of this course is to license unit Incidental Commercial Three Ton and 36 Passenger Bus Operators. Commands or tenant organizations will ensure all applicants are screened and meet all prerequisites before being nominated for the course. Personnel nominated (regardless of rank or status) must be 21 years of age or older (FOR THE 36 PAX BUS) and attend the course in its entirety. Appointments (personal/medical) must not conflict with scheduled training.

Applicants are required to report NLT 0730 on the first day of the course to the Installation Safety Office, Camp Foster Bldg. 5831 in the appropriate uniform of the day (UOD). Students must possess the following documents:

a. Application for Government Vehicle Operator’s Permit (NAVMC 10964 rev 07-15) signed by the commanding officer, designated official or appropriate civilian supervisor.

b. Physical Fitness Inquiry for Motor Vehicle Operators signed and dated by applicant.

c. Copy of valid State, U.S. Territory, or SoFA license (USFJ-4EJ) front and back.

d. Valid DOD Identification Card.

e. Active Duty personnel under 26 years of age must provide written proof that he/she has successfully completed a certified defensive driving course as defined by the MCO 5100.19F (e.g.- Driving for Life or equivalent Driver’s Improvement Course (DIC)).

f. Medical Examiners Certificate (Physical Code 710/721). Each student must have medical documentation of commercial vehicle physical completion and or a medical examiner certificate.

NOTE: POC for the Medical Examiner’s Certificate is USNHO, Occupational Medicine Branch at: 646-9547/9548.

g. Copy of OF-346 showing 1.5 ton Commercial Vehicle, SoFA stamp and air brakes endorsement. If there is no air brake endorsement a test will be administered.
TRAFFIC SAFETY COURSE DESCRIPTIONS

h. Provost Marshal Office (PMO) Background check completed within the past 30 days.

Once students complete and pass the course, they will be issued an OP-346 within 48-72 hours, qualifying them to operate commercial vehicles up to three ton and commercial bus to 36 passengers.

NOTE: Nominations for this course MUST be submitted NLT three working days prior to the course start date. If nominations are not received with the minimal number of five attendees, the class will be canceled. Students dropped from the class must be re-nominated through their respective S-3/G-3.

COMMERCIAL 53, AND 60 PAX BUS OPERATORS COURSE: The purpose of these courses are to license unit incidental Commercial 53 and 60 Passenger Bus Operators. Commands or tenant organizations will ensure all applicants are screened and meet all prerequisites before being nominated for the course. Personnel nominated (regardless of rank or status) must be age 21 or older and attend the course in its entirety. Appointments (personal/medical) must not conflict with scheduled training. Applicants are required to report NLT 0730 on the first day of the course to the Installation Safety Office, Camp Foster Bldg. 5831 in the appropriate uniform of the day (UOD). Students must possess the following documents:

a. Application for Government Vehicle Operator's Permit (NAVMC 10964 rev. 07-15) signed by the commanding officer, designated official, or appropriate civilian supervisor.

b. Physical Fitness Inquiry for Motor Vehicle Operators signed and dated by applicant.

c. Copy of valid State, U.S. Territory, or SoFA license (USFJ-4EJ) front and back.

d. Valid DoD Identification Card.

e. Active Duty personnel under 26 years of age must provide written proof that he/she successfully completed a certified defensive driving course as defined by the MCO 5100.19F (e.g. Driving for Life or equivalent Driver’s Improvement Course (DIC)).

f. Medical Examiners Certificate (Physical Code 710/721). Each student must have medical documentation of commercial vehicle physical completion and or a medical examiner certificate.

NOTE: POC for the Medical Examiner’s Certificate is USNHO, Occupational Medicine Branch at: 646-9547/9548.
g. Copy of OF-346 showing Three Ton Commercial Vehicle and 36 Passenger Bus Commercial License, SOFA stamp and air brakes endorsement.

h. Provost Marshal Office (PMO) Background check completed within the past 30 days.

Once students complete and pass the course, they will be issued an OF-346 within 48-72 hours qualifying them to operate up to 53 and 60 passenger’s commercial buses.

**NOTE:** Nominations for this course MUST be submitted NLT three working days prior to the course start date. If nominations are not received with the minimal number of five attendees in total, class will be canceled. Students dropped from the class must be re-nominated through their respective S-3/G-3.

---

**COMMERCIAL FORKLIFT/MATERIAL HANDLING EQUIPMENT (MHE) OPERATORS COURSE:** The purpose of this course is to license unit incidental Commercial Forklift Operators. Commands or tenant organizations will ensure all applicants are screened and meet the required prerequisites before being nominated for the course.

Personnel nominated (regardless of rank or status) must attend the course in its entirety. Appointments (personal/medical) must not conflict with scheduled training.

If the applicant does not already hold a SoFA stamp on an OF-346 or a POV SoFA license, then a test will be administered during the first part of training. The Okinawa Drivers Handbook and Drive Safe on Okinawa Video can be viewed at the following link: [https://www.mcipac.marines.mil/Staff-and-Sections/Special-Staff/MCIPAC-Safety/Safety-Office/Okinawa-Driving/](https://www.mcipac.marines.mil/Staff-and-Sections/Special-Staff/MCIPAC-Safety/Safety-Office/Okinawa-Driving/)

Applicants are required to report NLT 0730 on the first day of the course to the Installation Safety Office, Camp Foster Bldg 5831 in the appropriate uniform of the day (UOD). Students must possess the following documents:

a. One copy of the “Application for Government Vehicle Operator’s Permit (NAVMC 10964 Rev 07-15)” signed by the commanding officer, designated official or appropriate civilian supervisor.

b. Copy of valid State, U.S. Territory, or SoFA license (USFJ-4EJ) front and back.

c. Valid DoD Identification Card.

d. Active Duty personnel under 26 years of age must provide proof of successful completion of a certified defensive driving course as defined by the MCO 5100.19F (e.g. Driving for Life or equivalent Driver’s Improvement Course (DIC)).
TRAFFIC SAFETY COURSE DESCRIPTIONS

e. Each student must have medical documentation for commercial forklift physical completion and or a medical examination certificate (Physical Code 710/721).

f. Provost Marshal Office (PMO) Background check completed within the past 30 days.

**NOTE:** POC for the Medical Examiner’s Certificate is the USNHO, Occupational Medicine Branch, at: 646-9547/9548.

Once students pass the course, they will return to their unit with a Learner’s Permit (OF-346) which will be valid for 90 days. These newly trained operators are required to be directly supervised at all times by a licensed forklift operator for a minimum of 16 hours. The 16 hours will be documented accordingly on a road time verification sheet by the licensed forklift operator. Once the 16 hour period has been completed, the road time verification sheet will be validated and signed by the licensed operator, SNCOIC, OIC, or civilian equivalent. If the above timeline cannot be met, it is the student’s responsibility to contact the MHE instructor at the Installation Safety Office to request an extension, or the student will be required to repeat the entire course.

**NOTE:** Nominations for this course MUST be submitted NLT three working days prior to the course start date. If nominations are not received with the minimal number of five attendees, the class will be canceled. Students dropped from the class must be re-nominated through their respective S-3/G-3.

**MLC/IHA COMMERCIAL FORKLIFT/MHE COURSE:** This is a mandatory course that will familiarize operators with base regulations for operation of MHE and license MLC/IHA employees, with a Japanese forklift license, to operate commercial MHE aboard MCB Butler and MCAS Futenma. To request this training, contact Mr. Yamashiro at 645-1482/2702.

Employees must possess the following documents upon reporting to class:

a. Application for Government Vehicle Operator's Permit (NAVMC 10964 Rev 07-15) signed by the commanding officer, designated official or appropriate civilian supervisor.

b. Physical Fitness Inquiry for Motor Vehicle Operators form (OF-345). Applicants, who require medical evaluation due to checking yes on the form, will be required to see a physician.

c. Copy of valid Japanese Forklift Operators License and Valid Government of Japan Driver’s License front and back.

d. Copy of valid base pass front and back.
MLC/IHA FORKLIFT REFRESHER TRAINING: All MLC/IHA Forklift Operators are required to complete this course and be re-evaluated on a forklift every three years to assess skills and abilities as forklift operators. This evaluation is conducted at the work center of the employee. To request an evaluation, contact Mr. Yamashiro at 645-1482/2702. The employee must have the following documents at the time of the evaluation:

a. Application for Government Vehicle Operator's Permit (NAVMC 10964 Rev 07-15) signed by the commanding officer, designated official or appropriate civilian supervisor.

b. Physical Fitness Inquiry for Motor Vehicle Operators (OF-345) form. Applicants, who require medical evaluation due to checking yes on the form, will be required to see a Medical Officer.

c. Copy of valid Japanese forklift operator’s license and valid Government of Japan driver’s license front and back.

d. Copy of valid base pass front and back.
EXPLOSIVE VEHICLE DRIVER 12-HOUR TRAINING COURSE: The purpose of this course is to provide vehicle operators with an understanding of the requirements and qualifications required to transport Ammunition & Explosives (A&E). Commands will ensure all applicants are screened and meet all prerequisites outlined below prior to course assignment.

NOTE: Certification is good for two years and A&E vehicle operators MUST attend a four hour recertification/refresher class every two years to retain their certification to transport A&E.

This is a 12 hour (2 day) course, which students must attend the entire period of instruction to receive an explosives driver endorsement. The course starts at 0730 at the Installation Safety Office, Camp Foster, Bldg 5831. Students must be in the appropriate uniform of the day (UOD), and possess the following completed documents and prerequisites:

a. Application for Government Vehicle Operator's Permit (NAVMC 10964 Rev 07-15) signed by the commanding officer, designated official or appropriate civilian supervisor.

b. Copy of valid stateside driver’s license or U.S. Territory driver’s license (front and back).

c. Copy of valid OF-346 with vehicle(s) authorized to transport A&E (front and back).

d. Valid OPNAV 8020/6 Explosives Driver Medical Examination Certificate. Medical examinations for explosives cannot be conducted by an Independent Duty Corpsman.

e. Provost Marshal Office (PMO) Background check completed within the past 30 days of course start date.

f. Students must be 18 years of age or older to transport A&E material ON and OFF BASE. Students that do not possess the aforementioned documents, or do not meet the cited prerequisites will be dismissed from class.

NOTE: Nominations for this course MUST be submitted NLT three working days prior to the course start date, and nominations must be routed through the unit’s respective S-3/G-3. Additionally, if class nominations for a scheduled course do not meet the minimum requirement of five personnel, the course will be cancelled and rescheduled the following month.
HAZCOM/HAZMAT DRIVERS ENDORSEMENT (FUEL): The purpose of this online course is to equip each unit with the ability to license personnel with a valid Hazardous Material (HAZMAT) Drivers endorsement. Only personnel from MCB and H&HS Futemma will be licensed through the Installation Safety Office. All other MSCs will be licensed as appropriate by their unit’s licensing officials. Commands or tenant organizations will ensure all applicants are screened and meet all prerequisites prior to being issued an endorsement.

Along with the HAZMAT Transportation on-line course, students will also receive Hazard Communication Training (HAZCOM). This training provides the basic requirements for the HAZCOM Program as required by DoD Instruction 6050.5 which mirrors the requirements of the Occupational Safety and Health Administration (OSHA) Hazard Communication Standard, “Right to Know”. Training will address hazardous properties of substances, Safety Data Sheets (SDS), record keeping, labeling, and other aspects of the program.

Personnel (regardless of rank or status) must be at least 18 years of age to transport hazardous materials on base, and must be at least 21 years of age to transport off base. All students must complete the courses in their entirety.

To be issued a HAZMAT Drivers endorsement, personnel must possess the following documents and prerequisites and present them to the appropriate licensing official:

a. Application for Government Vehicle Operator's Permit (NAVMC 10964 Rev 07-15) signed by the commanding officer, designated official or appropriate civilian supervisor requesting the HAZMAT Drivers endorsement.

b. Copy of valid stateside license, U.S. Territory driver’s license or USFJ-4EJ front and back.

c. Valid DoD Identification Card.

d. Valid OPNAV 8020/6 HAZMAT Driver Medical Examination Certificate.

NOTE: POC for the Medical Examination Certificate is the USNHO, Occupational Medicine Branch at: 646-9547/9548.

e. All students that report to their licensing officials will have a valid/eligible OF-346, Government Vehicle Operator’s Permit with SoFA Stamp for the type of vehicle to transport in Hazardous Materials or Fuel.

f. Provost Marshal Office (PMO) background check within 30 days.

g. Show proof of completion for the following MarineNet and MCIPAC Training online courses:
**TRAFFIC SAFETY COURSE DESCRIPTIONS**

Once students have passed all required on-line courses and test, they will take all required documents to their respective licensing authority to receive the appropriate “Hazardous Material Driver’s Endorsement” on their valid/eligible (OF-346) Standard Operator’s Permit.

**NOTE:** HAZCOM/HAZMAT Transportation (Fuel) course is located on the MCIPAC Training Site [https://training.mcipac.usmc.mil/](https://training.mcipac.usmc.mil/) under “Courses”, then “Safety”. All personnel that will be transporting fuel are required to have a HAZCOM/Hazardous Material Driver’s Endorsement (Fuel) on their OF-346. An account is required to be made by the applicant in order to Access the MCIPAC Training Site.
